

ALBERTA INNOVATORS

2026 RATE CARD

Connect with Alberta's top consulting engineering professionals

Consulting Engineers of Alberta's (CEA) annual magazine, *Alberta Innovators*, is the definitive industry publication that showcases the vital work of Alberta's consulting engineers and leads industry conversations.

Each year, the magazine features compelling editorial on the innovative projects and groundbreaking work accomplished by CEA members, offering stories that are current, relevant and aligned with industry trends for the consulting engineering profession. The magazine also highlights the winners of both merit and excellence from CEA's showcase awards.

Distribution is strategic and targeted: CEA member firms, government procurement officials, construction leaders and key infrastructure decision-makers all receive a copy. It's a powerful platform to showcase your brand to the right audience.

Included in the 2026 edition:

SHOWCASE AWARDS 2026

Celebrate excellence in the consulting engineering industry with the projects, companies and people who are making significant contributions to Alberta's engineering sector.

REFERENCE GUIDE

Be seen year-round! A removable poster, this guide highlights the fields of specialization for CEA member firms and services — placing your message front and centre for ongoing visibility.

Partner with us to elevate your brand, reach influential decision-makers and demonstrate your commitment to Alberta's thriving engineering community.

Join us in making the 2026 edition the most impactful yet. Contact us today to learn more about advertising opportunities!
